INSIGHTS

JUNE 2024 | VOL NO: III | ISSUE NO: VI

Ideas To Reality

WWW.UTKALLABS.COM

Introduction

As the warmth of spring envelops us and nature blossoms in vibrant hues, we are pleased to present this edition of the newsletter.

June has been an eventful month filled with exciting developments and noteworthy achievements. We've launched new features in our Employee Management System, enhanced our learning through engaging Tech Friday sessions, and celebrated valuable contributions from our team members. As we move forward, let's take a moment to appreciate the milestones we've reached and the collective efforts that have driven our success. Thank you all for your continuous dedication and hard work.

FROM THE HR'S DESK

Dear Team,

As we reflect on the past month, we are incredibly proud of the progress and achievements made by each of you. June was a testament to our collective effort, innovation, and dedication. The introduction of new features in our EMS, the vibrant Tech Friday sessions, and the insightful blogs by our team members are just a few highlights. We are committed to fostering a supportive and enriching work environment where everyone can thrive and contribute meaningfully.

Thank you for your hard work and commitment. Let's continue to push boundaries and achieve new heights together. If you have any suggestions or feedback, please feel free to reach out. Your input is invaluable in making our workplace even better.

Looking forward to the shared camaraderie and partnered growth.

Regards,

HR Team

Utkal Labs

WHAT KEPT US ENGAGED

At Utkal Labs, we believe that an engaged team is the cornerstone of our success. Here are some key elements that keep us motivated and involved:

Innovative Projects: Working on cutting-edge projects and incorporating the latest technologies keeps our work exciting and intellectually stimulating.

Learning Opportunities: Regular Tech Friday sessions, workshops, and training programs ensure continuous learning and skill development.

Collaborative Environment: A culture of open communication and teamwork helps us solve problems creatively and support each other.

Recognition and Rewards: Acknowledging hard work and celebrating achievements boosts morale and motivates us to excel.

Work-Life Balance: Flexible work schedules and wellness programs help maintain a healthy balance between professional and personal life.

Community Building: Social events, team outings, and informal gatherings foster strong relationships and a sense of belonging among team members.

TECHFRIDAY

Suvendu Giri (Presenting)

Kanhu

Social Spotlight

As part of our rewards and recognition policy, we've introduced the 'Social Spotlight' category to honor colleagues excelling in promoting our organization on social media. Starting in May 2024, we'll recognize these efforts monthly and announce winners at our monthly meetings. Join us in applauding this month's winner, Sayan Sadhukhan.

Congratulations, Sayan!

Sayan

Employee Achievement

We are proud to announce that our very own Alok Kumar successfully presented a **"3D-flying Your Website Using React Three Fiber"**

Alok's presentation was a great success, showcasing innovative ways to incorporate 3D elements into websites using React Three Fiber. This achievement highlights our team's talent and dedication to staying at the forefront of web development.

Let's all congratulate Alok on this fantastic achievement and thank him for representing our company with excellence at the recent JSLovers Hyderabad Meetup!

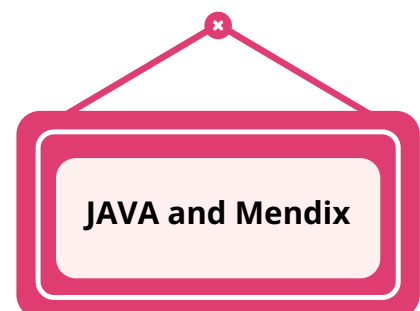

Alok

Current Opening

Case Study on Collaboration Hub

Overview

The project aims to establish a dynamic platform facilitating a symbiotic relationship between clients and experts looking for project opportunities. Through a user-friendly interface, clients can post projects and find experts seamlessly. Clients outline project details, and experts apply for suitable projects, fostering collaboration. The platform features project posting, expert discovery, and efficient communication channels ensures efficient collaboration, connecting clients with the right experts and empowering experts to explore and engage in projects aligned with their expertise.

Client Details

Name: **Confidential**

Location: **USA**

Industry: **Job Consulting Application**

Technology

Technology : **PHP, Wordpress, MySQL, jQuery, Bootstrap CSS**

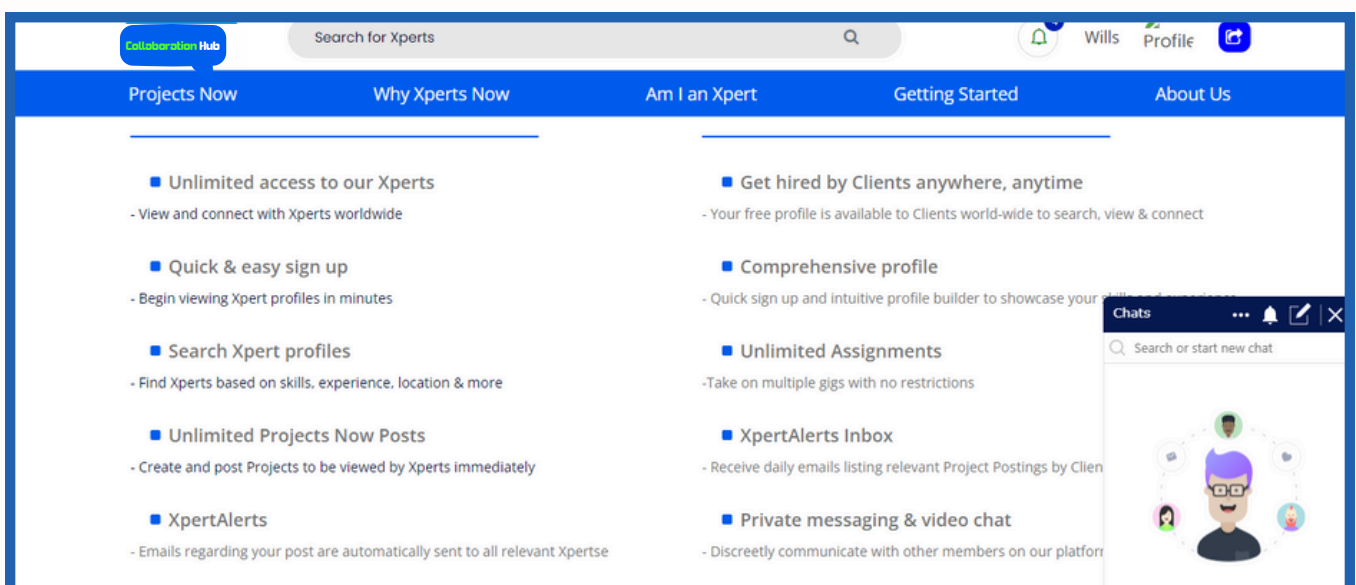

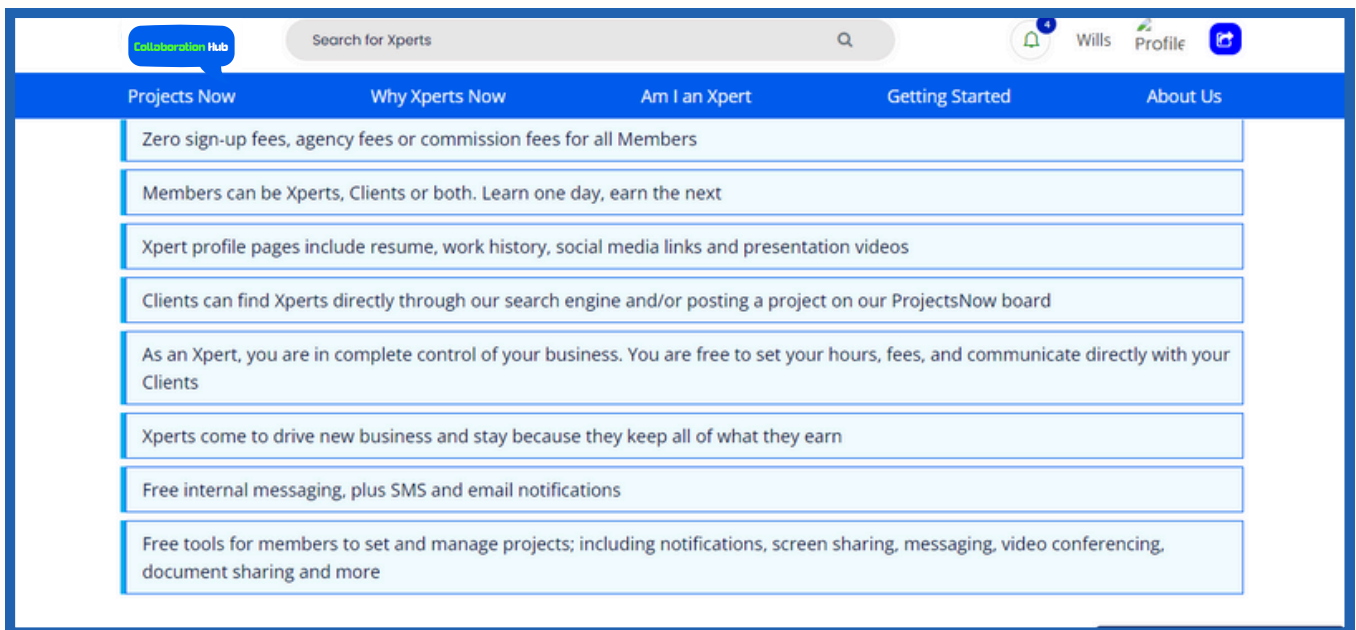

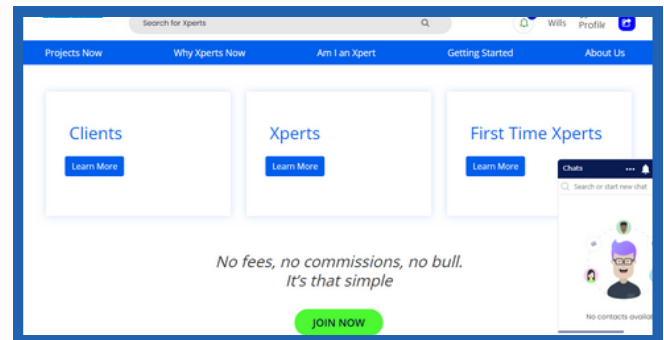

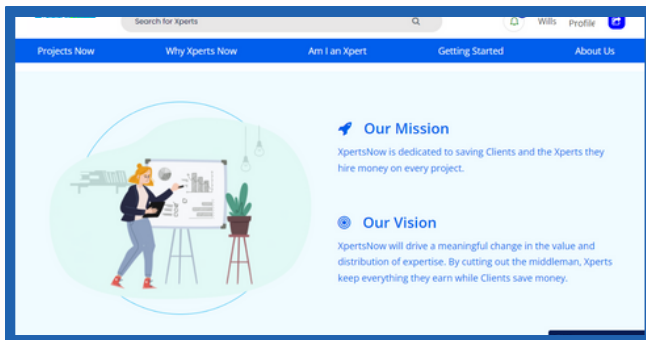

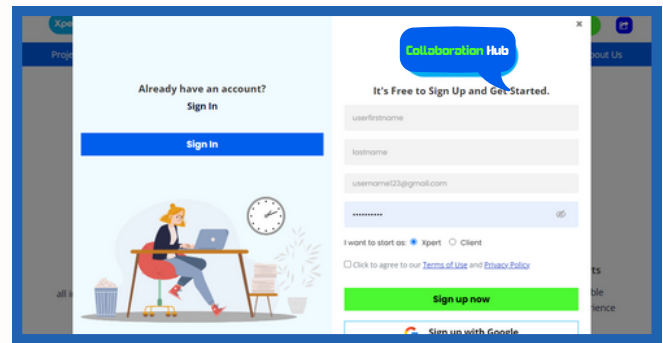

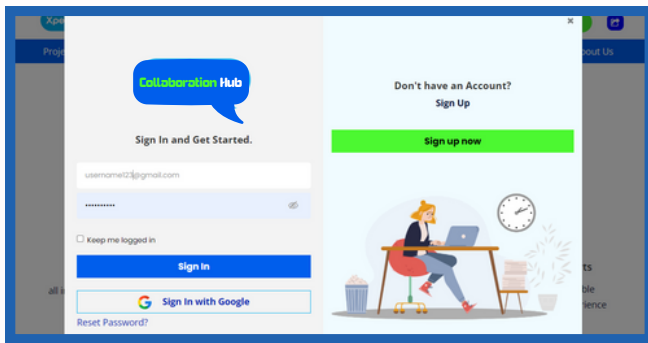

Project Feature View

- The website offers two types of accounts:
Client and expert.
- **Client account:** This account allows users to create various projects based on their specific requirements and needs. They can post these projects and reach a wide range of potential experts. They can also search and find suitable experts for their projects. They can even create projects for a specific expert if they want. The website also enables communication through chat, so that clients can discuss project details with experts.
- **Expert account:** This account gives users the opportunity to explore different projects posted by clients. They can save the projects they are interested in for later. They can also apply for the projects they want, showcasing their skills and experience. Moreover, they can communicate directly with clients, ensuring collaboration and clarity throughout the project. To increase their visibility, they can easily share their profiles on social media platforms
